

34% Factoring Cost Saving - June 2016

Welcome to the latest edition of FundingVoice magazine, bringing you the latest business finance offers and discounts.

I have a great example below of a 34% cost saving, found for a client, in addition to increased funding levels and more services included in the price. I also have the first results from our recent survey within the recruitment sector.

As always, if I can help you by conducting a free, independent invoice finance quotation search for you please contact me. On average I have been able to:

- **Save 4 out of 5 businesses money** on quotes received elsewhere
- **Save my clients 35%** of their invoice finance costs

With kind regards,

Sean
